ATS–C6–N–24P
24 Port Horizontal Mount Category 6 Patch Panel

Features

- Premium Quality
- Category 6 certified to meet all Cat 6 specifications
- Engineered for high speed transmissions for optical performance
- Color coded TIA/EIA 568A (international) and TIA/EIA 568B (AT&T standard) wiring
- Industry standard 110 or Krone IDC connectors
- Rear Cable Management Bracket/Strain Relief Bar
- Includes tie wraps and mounting screws
- Panels include port numbering and write-on areas
- 25 Year Warranty available

Material Standards

Metal Frame

IDC plastic: PC, UL 94V-O

IDC contact: Phosphor bronze w/ 200u" tin over 100u" nickel undercoat

Spring wire: Phosphor bronze w/ 50u" gold over 100u" nickel undercoat

Temperature: -40ºC – 68ºC

Humidity: 10% – 90% RH

Modular jack: 750 mating cycles

IDC block: 200 termination cycles

Electrical Standards

Current Rating: 1.5A

Voltage: 150V

Insulation Resistance: 500m Ohm

Contact Resistance: 20m Ohm

DC Resistance: 0.1 Ohm
